

UnityPoint is taking homemade masks. There is a virtual and pattern on YouTube, "UnityPoint Cedar Rapids". WQAD.com also has information and pattern. Scroll down right side to see info about this; UnityPoint collecting masks. They want you to use their pattern. Video explains why.

They only want you to make the mask, not attach the elastic and nose stay. Easy!

UnityPoint's message: We are grateful for the overwhelming offers of support pouring in from our amazing communities! Many are asking for ways to support our team members and patients. This page will be kept up to date with ways you can help us with supply needs. Check back regularly for new information on the support we need. Thank you for your generosity!

Handmade Masks

UnityPoint Health is collecting handmade masks. If you've already made masks using another pattern, that's OK.

Supply Donations

We're also collecting supplies at all drop off locations. Supplies we're currently collecting are:

- Vacuum bags
- Elastic
- Hair ties
- Wax covered string
- Pipe cleaners
- Double-sided adhesive tape (such as dress tape and gorilla tape)

Note: it is hard to get elastic. JoAnn's is hoping to get some, but they don't know, thus the hair ties!

Quad Cities - Drop Offs - Monday's-Fridays, 7:00 a.m. to 5:00 p.m.

Drop off in donation bins outside hospital entrances

Trinity Rock Island, 2701 17th Street, Rock Island, IL

Trinity Moline, 500 John Deere Road, Moline, IL

Trinity Bettendorf, 4500 Utica Ridge Road, Bettendorf, IA
